## THE OLIVER HOARE COLLECTION

© David Bailey

Born in 1945 to a Russian mother and English father, who had met in Istanbul, Oliver Hoare's exotic taste was a lifelong passion. Whilst studying at the Sorbonne's *Institut d'Art et Archéologie* he spent his evenings playing guitar in the city's cafes, meeting many of the colourful characters living in 1960s Paris. The lure of Persia had been sparked as a child from some ancient coins given to him by his father and in the summer holidays of his university years he would travel there from France, a journey taking over a week by bus and train.

After graduating from the Sorbonne, he joined Christie's in 1967 where he oversaw Russian Art. One day he spotted some carpets left lying in the warehouse corridors which he recognised as Persian and was tasked with cataloguing and selling, which success led to the launch of the first Islamic Art department at a major auction house.

He left Christie's in 1975 to set up his own business, the Ahuan Gallery in Pimlico. His dealing led him to work with most of the major Islamic Art collectors and museums throughout the Middle East, as well as in Europe, the US and Japan, with perhaps his most remarkable achievement coming when he negotiated with the rulers of Iran the exchange of the 'Houghton Shahnameh' for a painting by Willem de Kooning.

In 2012, he hosted a small exhibition of items from his personal cabinet of curiosities. With the positive reaction received his exhibitions grew and so did the curios, ranging from cultures across the world with objects that told stories that tied into Oliver's persona.

The collection presented here is just that, with attention drawn to his late fascination with the art produced by the Inuit people, the use of shells in the Pacific and the natural and forged forms of Africa.

Lt. Col. George H. Lambert (1877-late 1950s)

Given to the present owner by the above, in the early 1950s.

Lt Col Lambert was from the family of Lambert & Co, Silversmiths, London.

*Made of ironwood, *cosuarina equisetifolia*, and known as too by Marquesans, a very dense, hard wood, the u'u' clubs were placed in the mud of taro fields and then polished with coconut oil to obtain the rich dark patina. Bound with sennit around the base of the handle and with human hair or feathers. The hair usually being that of relatives.*

*The curved crutch like top was so that the owner could put it under his arm and lean on it. The owner would have been a high ranking and important person in Marquesan society, a leader in warfare, also known as too. Above these warriors in Marquesan society would have only been chiefs and priests.*

*The carving of these u'u' clubs resulted in a traditional form throughout the late 18th and through the 1840s, but no two have the exact same decoration, making each an incredible personal symbol of owners' relationship with his ancestors. Paul Gauguin wrote of Marquesan art 'always the same thing but never the same thing' and the clubs are certainly true of this observation. The head of the club has two sides, with concave and curved planes with relief carving. The main image represents a large human face, made up from the two tiki heads within striated circles as the eyes and brows above, and another tiki head below the eyes as the nose. Below this stylised head are three distinct rows, two of stylised geometric motifs and a pair of eyes. The panels above these eyes have two arm-like lines running from the circles within the panels to the mouth of the 'nose' tiki. Either side of the main 'eyes' to the edges are two more faces and another on the top edge. There are at least fourteen faces on this club, which are thought to draw on the sacred powers of the ancestors, giving the owner protection in warfare. With all these stylised faces the warrior owner of this club had 'eyes' looking in four directions.*

#### ARTIST'S RESALE RIGHT / DROIT DE SUITE

Lots marked with a  symbol are potentially subject to a levy.

Droit de Suite is a royalty payable to a qualifying artist or the artist's heirs each time a work is resold during the artist's lifetime and up to a period of 70 years after the artist's death.

Royalties are calculated on a sliding percentage scale based on the hammer price excluding the buyer's premium. The royalty does not apply to lots selling below the sterling equivalent of €1,000 and the maximum royalty payable on any single lot is the sterling equivalent of €10,000.

Droit de Suite, which is not subject to VAT, will be added to the buyer's purchase price and then passed on to the relevant collecting agency.

Please enquire for the accepted exchange rate on the day of the sale.

Royalties for Droit de Suite are as follows:

|                                 |                       |
|---------------------------------|-----------------------|
| 4%                              | Up to €50,000         |
| 3%                              | €50,000.01 - 200,000  |
| 1%                              | €200,000.01 - 350,000 |
| 0.5%                            | €350,000.01 - 500,000 |
| 0.25%                           | In excess of €500,000 |
| Up to a maximum levy of €10,000 |                       |

#### FIREARMS

Lots marked  in the catalogue, or by any other means identified as controlled firearms, are subject to the UK firearms/shotgun licencing regime, and should only be viewed/purchased by individuals with appropriate licences. It is the responsibility of the bidders to ensure that they are legally authorised to acquire the lot that they are bidding for. In the event that such a lot is successfully bid for by an individual who is not authorised to possess it, that individual will be required to pay for it, but are not allowed to take physical possession of it. The auctioneers will re-offer the lot on behalf of the buyer in a future auction; or may accept instructions to dispose of it by some other legal means, at their discretion.

SOCIETY OF FINE ART AUCTIONEERS AND VALUERS  
and the ROYAL INSTITUTION OF CHARTERED SURVEYORS  
**CONDITIONS OF BUSINESS**

**INFORMATION FOR BUYERS**

1. **Introduction.** The following informative notes are intended to assist Buyers, particularly those inexperienced or new to our salerooms. All sales are conducted on our printed Conditions of Sale which are readily available for inspection and normally accompany catalogues. Our staff will be happy to help you if there is anything you do not fully understand.
2. **Agency.** As auctioneers we usually contract as agents for the seller whose identity, for reasons of confidentiality, is not normally disclosed. Accordingly if you buy your primary contract is with the seller.
3. **Estimates.** Estimates are designed to help buyers gauge what sort of sum might be involved for the purchase of a particular lot. The lower estimate may represent the reserve price and certainly will not be below it. Estimates do not include the Buyer's Premium or VAT (where chargeable). Estimates are prepared some time before the sale and may be altered by announcement before the sale. They are in no sense definitive.
4. **The purchase price.**  
The Buyer shall pay the hammer price together with a premium thereon of 25% plus VAT @20% (totalling 30% inclusive) on the first £500,000 and 12% plus VAT @20% (14.4% inclusive) thereafter.
5. **VAT.** (†) indicates that VAT at the current standard rate is payable by the purchaser on the hammer price as well as being an element in the buyer's premium. This imposition of VAT is likely to be because the seller is registered for VAT within the European Union and is not operating the Dealers Margin Scheme or because VAT is due at 20% on importation into the UK. The omega symbol (Ω) indicates that the lot has been imported from outside the European Union and the present position is that these lots are liable to a reduced rate of VAT (5%) on the gross lot price (i.e. both the hammer price and the buyer's premium). Lots which appear without either of the above symbols indicate that no VAT is payable on the hammer price. This is because such lots are sold using the Auctioneers' Margin Scheme and it should be noted that the VAT included within the Premium is not recoverable as input tax. (As at 31st December 2020. Please refer to SOFAA website for updates to the Terms and Conditions).
6. We are, primarily, agents for the seller. We are dependent on information provided by the seller and whilst we may inspect lots and act reasonably in taking a general view about them we are normally unable to carry out a detailed or any examination of lots in order to ascertain their condition in the way in which it would be wise for a buyer to do. Intending buyers have ample opportunity for inspection of goods and, therefore, accept responsibility for inspecting and investigating lots in which they may be interested. Please note carefully the exclusion of liability for the condition of lots contained in the Conditions of Sale. Neither the seller nor we, as the auctioneers, accept any responsibility for their condition. In particular, mechanical objects of any age are not guaranteed to be in working order. However, in so far as we have examined the goods and make a representation about their condition, we shall be liable for any defect which that examination ought to have revealed but which would not have been revealed if the buyer had the buyer examined the goods. Additionally, in specified circumstances lots misdescribed because they are 'deliberate forgeries' may be returned and repayment made. There is a 3 week time limit. (The expression 'deliberate forgery' is defined in our Conditions of Sale).
7. **Electrical goods.** These are sold as 'antiques' only and if bought for use must be checked over for compliance with safety regulations by a qualified electrician first.
8. **Export of goods.** Buyers intending to export goods should ascertain (a) whether an export licence is required for the goods to leave the U.K. and (b) whether there is any specific prohibition on importing the goods in question into the destination country because, e.g. they may contain prohibited materials such as ivory. Charges may be applicable for export licences. Ask us if you need help.  
The denial of any permit or licence shall not justify cancellation or rescission of the sale contract or any delay in payment.
9. **Bidding.** Bidders will be required to register before the sale commences and lots will be invoiced to the name and address on the registration form. Some form of identification will be required if you are unknown to us. Please enquire in advance about our arrangements for telephone bidding.
10. **Commission bidding.** Commission bids may be left with the auctioneers indicating the maximum amount to be bid excluding buyers' premium. They will be executed as cheaply as possible having regard to the reserve (if any) and competing bids. If two buyers submit identical commission bids the auctioneers may prefer the first bid received. Please enquire in advance about our arrangements for the leaving of commission bids by telephone or fax.
11. **Methods of Payment.** As a general rule any cheques tendered will need to be cleared before removal of the goods is permitted. Please discuss with our Office in advance of the sale if other methods of payment are envisaged (except cash).
12. **Collection and storage.** Please note what the Conditions of Sale state about collection and storage. It is important that goods are paid for and collected promptly. Any delay may involve the buyer in paying storage charges.

**TERMS OF CONSIGNMENT FOR SELLERS**

1. **Interpretation.** In these Terms the words 'you', 'yours', etc. refer to the Seller and if the consignment of goods to us is made by an agent we assume that the Seller has authorised the consignment and that the consignor has the Seller's authority to contract. Similarly the words 'we', 'us', etc. refer to the Auctioneers.
  2. **Commission** is charged to sellers at the following rates: 15% + VAT on each lot sold for up to £999. 10% + VAT on each lot realising £1,000 and above.
  3. **Removal costs.** Items for sale must be consigned to the sale room by any stated deadline and at your expense. We may be able to assist you with this process but any liability incurred to a carrier for haulage charges is solely your responsibility.
  4. **Loss and damage waiver.** We are not regulated by the FSA for the provision of insurance to clients. However, we for our own protection assume liability for property consigned to us at lower pre-sale estimate. To justify accepting liability, we make a charge of 1.5% of the hammer price plus VAT or, if unsold, our mid estimate of the hammer price. If the owner of goods consigned instructs us in writing not to take such action, they then remain at owner's risk unless and until the property in them passes to the Buyer or they are collected by or on behalf of the owner, and clause 4 is inapplicable.
  5. **Illustrations.** The cost of any illustrations is borne by you. If we consider that the lot should be illustrated your permission will usually be asked first. The copyright in respect of such illustrations shall be the property of us, the auctioneers, as is the text of the catalogue.
  6. **Minimum bids and our discretion.** Goods may be offered subject to a reserve agreed between us before the sale in accordance with clause 7.
  7. We may sell lots below the reserve provided we account to you for the same sale proceeds as you would have received had the reserve been the hammer price. If you specifically give us 'discretion' we may accept a bid of up to 10% below the formal reserve.
- Reserves.**
- (a) You are entitled to place prior to the auction a reserve on any lot consigned, being the minimum hammer price at which that lot may be sold. Reserves must be reasonable and we may decline to offer goods which in our opinion would be subject to an unreasonably high reserve (in which case goods carry the storage and insurance charges stipulated in these Terms of Consignment).
  - (b) A reserve once set cannot be changed except with our consent.
  - (c) Where a reserve has been placed only we may bid on your behalf and only up to the reserve (if any) and you may in no circumstances bid personally.
8. **Electrical items.** These are subject to detailed statutory safety controls. Where such items are accepted for sale you accept responsibility for the cost of testing by external contractors. Goods not certified as safe by an electrician (unless antiques) will not be accepted for sale. They must be removed at your expense on your being notified. We reserve the right to dispose of unsafe goods as refuse, at your expense.
  9. **Soft furnishings.** The sale of soft furnishings is strictly regulated by statute law in the interests of fire safety. Goods found to infringe safety regulations will not be offered and must be removed at your expense. We reserve the right to dispose of unsafe goods as refuse, at your expense. The rights of disposal referred to in clause 8 and 9 are subject to the provisions of The Torts (Interference with Goods) Act 1977, Schedule 1, a copy of which is available for inspection on request.
  10. **Descriptions.** Please assist us with accurate information as to the provenance etc. of goods where this is relevant. There is strict liability for the accuracy of descriptions under modern consumer legislation and in some circumstances responsibility lies with sellers if inaccuracies occur. We will assume that you have approved the catalogue description of your lots unless informed to the contrary. Where we are obliged to return the price to the buyer when the lot is a deliberate forgery under Condition 15 of the Conditions of Sale and we have accounted to you for the proceeds of sale you agree to reimburse us the sale proceeds. The liability to reimburse the sale proceeds shall not arise where you are acting reasonably and honestly and are unaware of the forgery but we are or ought to have been aware of it.
  11. **Unsold and withdrawn items.** If an item is unsold we may with your consent be re-offered at a future sale. Where in our opinion an item is unsaleable you must collect such items from the saleroom promptly on being so informed. Otherwise, storage charges may be incurred. We reserve the right to charge for storage in these circumstances at a reasonable daily rate.
  12. **Withdrawn and bought in items.** These are liable to incur a charge of up to 10% plus VAT of the reserve or low estimate on being bought in or withdrawn after being catalogued.

**13. Conditions of Sale.** You agree that all goods will be sold on our Conditions of Sale. In particular you undertake that you have the right to sell the goods either as owner or agent for the owner. You undertake to compensate us and any buyer or third party for all losses liabilities and expenses incurred in respect of and as a result of any breach of this undertaking.

**14. Authority to deduct commission and expenses and retain premium and interest.**

(a) You authorise us to deduct commission at the stated rate and all expenses incurred for your account from the hammer price and consent to our right to retain beneficially the premium paid by the buyer in accordance with our Conditions of Sale and any interest earned on the sale proceeds until the date of settlement.

(b) You authorise us in our discretion to negotiate a sale by private treaty not later than the close of business on the day of the sale in the case of lots unsold at auction, in which case the same charges will be payable as if such lots had been sold at auction and so far as appropriate these terms apply.

**15. Warehousing.** We disclaim all liability for goods delivered to our saleroom without sufficient sale instructions and reserve the right to make minimum warehousing charge of £2 per lot per day. Unsold lots are subject to the same charges if you do not remove them within a reasonable time of notification. If not removed within three weeks we reserve the right to sell them and defray charges from any net proceeds of sale or at your expense to consign them to the local authority for disposal.

**16. Settlement.** Subject to our normal trading conditions, payment will be made by BACS or cheque 5 weeks after the sale unless the buyer has not paid for the goods. In this case no settlement will then be made but we will take your instructions in the light of our Conditions of Sale. You authorise any sums owed by you to us on other transactions to be deducted from the sale proceeds. You must note the liability to reimburse the proceeds of sale to us as under the circumstances provided for in Condition 10 above. You should therefore bear this potential liability in mind before parting with the proceeds of sale until the expiry of 28 days from the date of sale.

(b) You shall at your own risk and expense collect any lots that you have purchased and paid for from our premises not later than 3 working days following the day of the auction or upon the clearance of any cheque used for payment (if later) after which you shall be responsible for any collection, storage and insurance charges.

## 10. COMMISSION BIDS

Whilst prospective buyers are strongly advised to attend the auction and are always responsible for any decision to bid for a particular lot and shall be assumed to have carefully inspected and satisfied themselves as to its condition, we will if so instructed clearly and in writing execute bids on their behalf. ## 13. TERMS OF SALE

The seller acknowledges that lots are sold subject to the stipulations of these Conditions in their entirety and on the Terms of Consignment as notified to the consignor at the time of the entry of the lot.

## 14. DESCRIPTIONS AND CONDITION

(a) Whilst we seek to describe lots accurately, it may be impractical for us to carry out exhaustive due diligence on each lot. Prospective buyers are given ample opportunities to view and inspect before any sale and they (and any independent experts on their behalf) must satisfy themselves as to the accuracy of any description applied to a lot. Prospective buyers also bid on the understanding that, inevitably, representations or statements by us as to authorship, genuineness, origin, date, age, provenance, condition or estimated selling price involve matters of opinion. We undertake that any such opinion shall be honestly and reasonably held and accept liability for opinions given negligently or fraudulently. Subject to the foregoing neither we the auctioneer nor our employees or agents nor the seller accept liability for the correctness of such opinions and all conditions and warranties, whether relating to description, condition or quality of lots, express, implied or statutory, are hereby excluded. This Condition ■ subject to the next following Condition concerning deliberate forgeries and applies save as provided for in paragraph 6 'information to buyers'.

(b) Private treaty sales made under these Conditions are deemed to be sales by auction for purposes of consumer legislation.

## 15. FORGERIES

Notwithstanding the preceding Condition, any lot which proves to be a deliberate forgery (as defined) may be returned to us by you within 21 days of the auction provided it is in the same condition as when bought, and is accompanied by particulars identifying it from the relevant catalogue description and a written statement of defects. If we are satisfied from the evidence presented that the lot is a deliberate forgery we shall refund the money paid by you for the lot including any buyer's premium provided that (1) if the catalogue description reflected the accepted view of scholars and experts as at the date of sale or (2) you personally are not able to transfer a good and marketable title to us, you shall have no rights under this condition. The right of return provided by this Condition is additional to any right or remedy provided by law or by these Conditions of Sale.

## GENERAL

16. We shall have the right at our discretion, to refuse admission to our premises or attendance at our auctions by any person.

17. (a) Any right to compensation for losses liabilities and expenses incurred ■ respect of and as a result of any breach of these Conditions and any exclusions provided by them shall be available to the seller and/or the auctioneer as appropriate.

20. Any indulgence extended to bidders buyers or sellers by us notwithstanding the strict terms of these Conditions or of the Terms of Consignment shall affect the position at the relevant time only and in respect of that particular concession only; in all other respects these Conditions shall be construed as having full force and effect.

21. English law applies to the interpretation of these Conditions.

22. Prior written consent must be sought by the buyer or any other party for the use of any images, illustrations and written materials produced by or for Woolley & Wallis relating to ■ lot or sale, including the contents of ■ catalogue. We may also process special categories of personal data, including information concerning your health and medical conditions (for example, disability), where relevant to the provision of our Services.

## THE BASIS FOR PROCESSING YOUR DATA, HOW WE USE THAT DATA AND WITH WHOM WE SHARE THAT DATA

### WHERE WE HAVE A CONTRACTUAL RELATIONSHIP WITH YOU

We will process your personal data because it is necessary for the performance of a contract with you (for example, a contract to use our Services) or in order to take steps at your request prior to entering into a contract. In this respect, we use your personal data for the following:

- to interact with you before you enter into a contract with us, such as when you express your interest in our Services (for example, to send you information about our Services or answer enquiries about our Services);
- once you have engaged us and entered into a contract, to provide you with the Services set out in any contractual documents.

In this respect we will provide your data to our third party suppliers or subcontractors as necessary whom we engage to help us perform our Services or who assist us in conducting our business, such as our IT suppliers, data storage providers, and valuation companies.

### LEGITIMATE INTERESTS

We may also process your personal data because it is necessary for our or a third party's legitimate interests. Our legitimate interests include our commercial interests. In this respect, we may use your personal data for the following:

- ■ monitor and evaluate the performance and effectiveness of our Services, including by training our staff or monitoring their performance;
- ■ deal with any concerns or feedback you may have in the performance of the Services;
- for our internal business record keeping and processes;
- ■ seek advice on our rights and obligations, including obtaining legal advice;
- to contact you for marketing purposes. If you do not wish to receive such information, please let us know now or at any time in the future, and your details will be removed from our marketing list. We will not provide your personal data to third party organisations to use for their own marketing purposes;
- to customise our website and marketing communications in line with your particular interests or preferences;
- to collect money owed to us or our consignors;
- to carry out background and credit checks in relation to bidders and buyers.

In this respect we will provide your data to the following:

- our professional advisors;
- the-saleroom.com;
- debt collection agencies;
- third parties who assist us with our marketing;
- our website and email management software provider.

### LEGAL OBLIGATIONS

We may also process your Personal Data for our compliance with our legal obligations. In this respect, we may use your Personal Data for the following:

- to meet our compliance and regulatory obligations, such as our tax reporting requirements or to carry out identity checks;

In this respect we will provide your data to the following:

- external auditors;
- the police and other competent authorities, including HMRC;

## CONSENT

We may also process your Personal Data where we have your specific consent to do so (for example, where we have your agreement to include information about you (as a seller) in sale marketing materials) or where we have sought and obtained your consent to send you direct marketing by email, or for the use of cookies on our website. If you have given your consent and you wish to withdraw it, please contact us using the contact details set out above.

Please note that where our processing of your personal data relies on your consent and where you then withdraw that consent, we may not be able to provide all or some aspects of our Services to you and/or it may affect the provision of our Services.

## SPECIAL CATEGORIES OF PERSONAL DATA

We process special categories of personal data for the following reasons:

- if it is necessary to protect your or another person's vital interests (for example, where you have a life-threatening accident or illness and we have to process your personal data to ensure you receive appropriate medical attention);
- if it is necessary for the establishment, exercise or defence of legal claims (for example, to protect and defend our rights, and/or the rights of our customers);

We may process information relating to your health where we have your explicit consent to do so (for example, when you provide information about your access requirements prior to attending one of our events).

## INTERNATIONAL TRANSFERS OF DATA

We transfer names and addresses on our Asian mailing list to a printing company in Hong Kong to distribute our auction catalogues and promotional material. In these circumstances, your personal data will be transferred subject to standard data protection clauses (adopted by the European Commission) and included in our contract with the printing company.

We share your data collected for marketing purposes and through our website with our website and email management software provider who are based in Jersey. In these circumstances, your personal data is transferred to them subject to an Adequacy Decision made by the European Commission in respect of Jersey.

## PROFILING

We may use your geographical location to target our communications and advertising and promotions to you. If you do not wish us to do this, then please contact us using the details provided above.

## HOW LONG YOUR INFORMATION IS KEPT

We will retain your personal data for as long as we are providing you with the Services referred to in any contractual document, and for as long as is required for legal, regulatory, fraud prevention and our legitimate business purposes after the termination of your account/agreement with us, or if your application for a particular Service is declined or abandoned.

In particular:

- in relation to CCTV images taken when you attend our premises, we will retain these for a few months;
- in relation to personal data relating to the transactions you have entered into with us as part of the provision of our Services, we will retain that data for period of seven years after that transaction has concluded in case any legal claims arise out of the provision of those Services;
- we will retain your details on our marketing database until you inform us that you no longer wish to receive our marketing communications. However, where you do unsubscribe from our marketing communications we will keep your details on a suppression list to ensure that we do not send you information you have asked not to receive;
- in relation to personal data relating to the provenance of works, we may retain that data indefinitely in our legitimate interests and the legitimate interests of the wider art market in maintaining the integrity of that market.

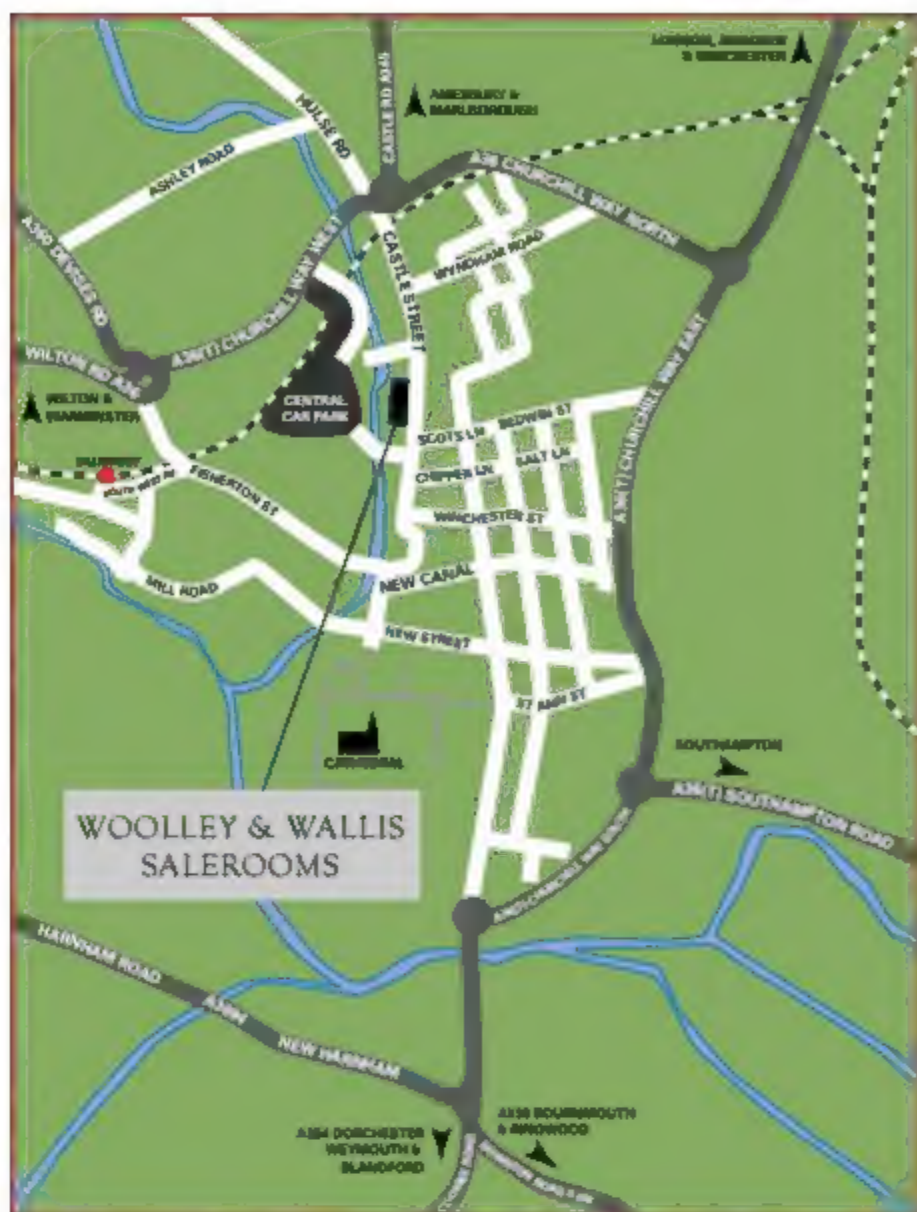

## YOUR LEGAL RIGHTS

Under the DPA you have the following rights:

- to obtain access to, and copies of, the personal data that we hold about you;
- to require that we cease processing your personal data if the processing is causing you damage or distress;
- to require us not to send you marketing communications;
- to require us to correct the personal data we hold about you if it is incorrect;
- to require us to erase your personal data;
- to require us to restrict our data processing activities (and, where our processing is based on your consent, you may withdraw that consent, without affecting the lawfulness of our processing based on consent before its withdrawal);
- to receive from us the personal data we hold about you which you have provided to us, in a reasonable format specified by you, including for the purpose of you transmitting that personal data to another data controller;
- to object, on grounds relating to your particular situation, to any of our particular processing activities where you feel this has a disproportionate impact on your rights.

Please note that the above rights are not absolute, and we may be entitled to refuse requests where exceptions apply.

If you are not satisfied with how we are processing your personal data, you can raise a concern with the Information Commissioner. You can also find out more about your rights under data protection legislation from the Information Commissioner's Office website available at: [www.ico.org.uk](http://www.ico.org.uk)

# VALUATIONS

Valuations are a core part of our business and are usually carried out by a senior specialist or directors. Accuracy, speed and above all confidentiality are paramount.

## INSURANCE VALUATIONS

Written valuations for insurance can vary from a single item to a large estate. Before starting we discuss the various options available so that the valuation is specifically tailored to individual client's needs.

For valuations of an entire house contents an itemised bound valuation is produced and can be accompanied by photographs when required. In addition to providing an inventory, written valuations can prevent painful arguments with a loss adjuster in the event of a claim.

Woolley & Wallis valuations are accepted by all leading insurance companies.

## PROBATE VALUATIONS

We offer a speedy and professional service for executors and trustees and provide bound valuations for probate and duplicate copies when required. Since security is often a consideration, we can usually arrange for a house to be cleared and sent for auction, our Valuations Department ensures that executors are informed of which sales are involved and the results thereof.

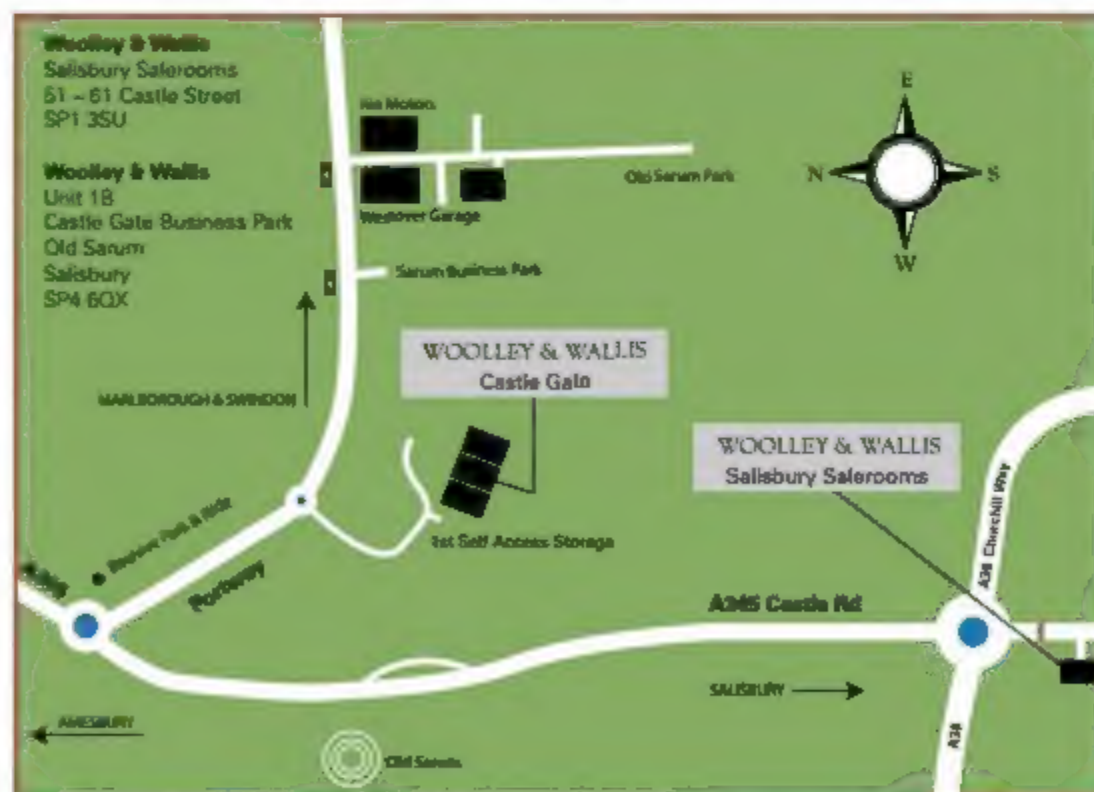

We also carry out valuations for Family Division, Capital Gains Tax, and Private Treaty Sales.
